Our Goal

- To help our patients attain the highest quality of life by providing personal, efficient, and effective care in a personalized home care setting.
- To assist patients in achieving their greater level of independence, and maintain active and productive lives.
- To provide patients needed home health care, allowing them to recover and/or rehabilitate in the comfort of their own homes, by so doing.
- To make it possible for patients to remain at home with their families as long as possible.
- To assist family members and/or patients in acquiring the health care needed and to provide them with appropriate referrals

Our caring team is made up of skilled Registered Nurses (RNs), Licensed Practical Nurses (LPNs), Certified Medical Assistants (CNAs) as well as experienced therapists, and PCAs. Our staff treats each patient like a member of their own family offering an exceptional level of comfort.

We Are There Every Step of the Way

At Metnurse Health Services, Inc., we take the time to carefully evaluate your condition and medical history and meet with you to discuss your needs. We will customize a rehabilitation plan and provide you with the care options that best fit your lifestyle and your goals.

Our Commitment to You

From the moment the patient sign up for service, we are committed to care for you as one of our own,

Our Nurses provide compassionate care and work closely with the patient, family and physician to manage pain and symptoms.

Our Certified Nursing Assistants provide support and comfort by assisting with activities of daily living, safety and emotional support.

Our Commitment to you is to "Provide the Quality of Care that you so Richly Deserve in order to Improve Quality of Life" Life is worth living and we must live it effortlessly now.
